

ARCHIVES OF
PATHOLOGY

VOLUME 83

JANUARY THROUGH JUNE, 1967

American Medical Association Publication

AUTHOR INDEX TO VOLUME 83

In this Index in alphabetical order are listed the names of authors of all articles. Full citation is given under first author only; reference is made from joint authors. Page numbers in the Index refer to boldface numbers in the text.

A

Abrahams, C.: See Charlton, R. W.

Adachi, M.; Wallace, B. J.; Schenck, L., and Volk, B. W.: Fine structure of central nervous system in early infantile Gaucher's disease, 513 (Je)

Albrink, W. S.: See Payan, H. M.

Anderson, A. E., Jr., and Foraker, A. G.: Populations of nonrespiratory bronchioles in pulmonary emphysema, 286 (Mr)

Anderson, W. A. D.: See Gunn, S. A.

Angevine, D. M.: Fair share, 115 (Fe)

Angrist, A.: See Mao, P.

Ardlie, N. G.: See Schwarz, C. J.

Ayres, S. M.: See Penny, J. L.

B

Ballinger, E.: See Ghidoni, J. J.

Barker, A. E.: See Manalo-Estrella; P.

Barnhouse, D. L.: See Niles, N. R.

Barry, K. G.: See Rosen, S.

Barton, E. G., Jr., and Campbell, W. G., Jr.: Further observations on the ultrastructure of Pneumocystis, 527 (Je)

Bauer, F. W., and Robbins, S. L.: Postmortem study comparing renal angiograms and renal artery casts in 58 patients, 307 (Mr)

Beall, F. A.: See Dalldorf, F. G.

Becker, F. F.; Lane, B. P., and Teebor, G. W.: Canalicular cyst in chemical hepatectomy, 278 (Mr)

Borgman, R. F., and Haselden, F. H.: Experimental cholelithiasis and liver lipids in rabbits, 411 (My)

Bosmann, H. B.: See Yuile, C. L.

Bothwell, T. H.: See Charlton, R. W.

C

Callahan, W. P.; Hackett, R. L., and Lorincz, A. E.: New observations by light microscopy on liver histology in the Hurler's syndrome, 507 (Je)

Campbell, G. S.: See Coalson, J. J.

Campbell, W. G., Jr.: See Barton, E. G., Jr.

Cannon, D. C., and Wissler, R. W.: Restoration of the immune response by circulating lymphocytes, 188 (Fe)

Cantin, M.: Skeletal muscle lesions in iodide-treated rats, 500 (Je)

Carter, R. F.: See Schwarz, C. J.

Catchpole, H. R.: See Mazzier, A. G.; Mombeloni, P.

Causing, W. C.; Shuster, M., and Pribor, H. C.: Single coronary artery with ruptured coronary artery aneurysm, 419 (My)

Chang, J.: See Entman, M. L.

Chapman, I.: Re: mesodermal changes (corres.), 228 (Fe)

Charlton, R. W.; Abrahams, C., and Bothwell, T. H.: Idiopathic hemochromatosis in young subjects, 132 (Fe)

Chen, P. S., Jr.: See Yuile, C. L.

Child, P. L.; MacKenzie, R. B.; Valverde, L. R., and Johnson, K. M.: Bolivian hemorrhagic fever, 434 (My)

Clarkson, T. B.: See Middleton, C. C.

Coalson, J. J.; Jaques, W. E.; Campbell, G. S., and Thompson, W. M.: Ultrastructure of the alveolar-capillary membrane in congenital and acquired heart disease, 377 (Ap)

Constantinides, P.: Pathogenesis of cerebral artery thrombosis in man, 422 (My)

D

- Dalldorf, F. G., and Beall, F. A.: Capillary thrombosis as a cause of death in experimental anthrax, 154 (Fe)
- Dalrymple, G. V.: See Ghidoni, J. J.
- Debarros, T. S.: See Dordal, E.
- Dipaolo, J. A.: See Elis, J.
- Domaradzki, M.: See Ventura, J.
- Dordal, E.; Glagov, S., and Debarros, T. S.: Testicular atrophy in rats with portacaval anastomosis, 49 (Ja)
- Dunn, W. L.: Iron-loading, fibrosis, and hepatic carcinogenesis, 258 (Mr)

E

- Elis, J., and Dipaolo, J. A.: Aflatoxin B₁, 53 (Ja)
- Elzay, R. P.: Dimethyl sulfoxide and experimental oral carcinogenesis in the hamster pouch, 293 (Mr)
- Enterline, H. T.: Re: mesodermal changes (corres.), 228 (Fe)
- Entman, M. L.; Hackel, D. B.; Martin, A. M.; Mikat, E., and Chang, J.: Prevention of myocardial lesions during hemorrhagic shock in dogs by pronethalol, 392 (Ap)
- Esterly, J. R.: See Russo, J. V.
- Estevez, J. M.: See Yunis, E. J.
- Evans, H.: Postmortem angiography, 479 (My)

F

- Fanger, H., and Lushbaugh, C. C.: Radiation death from cardiovascular shock following a criticality accident, 446 (My)
- Felig, P.: See Schaffner, F.
- Fine, G.: See Morales, A. R.
- Fisher, E. R.: Recent observations on concepts of metastasis, 321 (Ap)
- Foraker, A. G.: See Anderson, A. E., Jr.
- French, S. W.; Yamanaka, W., and Ostwald, R.: Dietary induced glomerulosclerosis in the guinea pig, 204 (Fe)
- Furth, J.: See Ueda, G.

G

- George, E. L.: See Schwarz, J.
- Gerwig, W. H., Jr.: See Payan, H. M.
- Ghidoni, J. J.; Dalrymple, G. V.; Lindsay, I. R.; Kundel, H. L.; Haymaker, W., and Ballinger, E.: Hepatic lesions produced by 32 and 55 mev proton irradiation, 370 (Ap)
- Glagov, S.: See Dordal, E.
- Glover, E. L.: See Reuber, M. D.
- Gould, T. C.: See Gunn, S. A.
- Gropp, S.: See Rodgers, J. C.
- Gunn, S. A.; Gould, T. C., and Anderson, W. A. D.: Specific response of mesenchymal tissue to cancerigenesis by cadmium, 493 (Je)

Zimmermann, B.: See Payan, H. M.

SUBJECT INDEX TO VOLUME 83

The following Index is an alphabetical list of all significant subjects presented in this volume. Books are listed alphabetically by first author under the heading "BOOK REVIEWS." Page numbers in this Index refer to boldface numbers in the text.

A

Abnormalities, Drug Induced

induction by aflatoxin B₁ [Elis], 53 (Ja)

Adenovirus

neoplasms in hamsters induced by adenovirus type 12 [Spjut], 199 (Fe)

Adipose Tissue

fate of lipid depleted fat cells [Simon], 162 (Fe)

Aflatoxins

induction of malformations [Elis], 53 (Ja)

Aged

primary chondrosarcoma of extraskelatal soft tissue in elderly woman [Korns], 13 (Ja)

Air-Blood Barrier: See Pulmonary Diffusion**Alcohol, Ethyl**

experimental cholelithiasis and liver lipids in rabbits [Borgman], 411 (My)

Alderlin: See Pronethalol**Alveolar-Capillary Membrane: See Basement Membrane****Anemia**

histopathology of the liver in pyridoxine-responsive anemia [Hathway], 175 (Fe)

Aneurysm, Coronary

single coronary artery with ruptured coronary artery aneurysm [Causing], 419 (My)

Aneurysm, Dissecting

and fibromuscular hyperplasia of hepatic artery [Patchefsky], 141 (Fe)

Angiography

postmortem, new medium and technic [Evans], 479 (My)

postmortem study comparing renal angiograms and renal artery casts in 58 patients [Bauer], 307 (Mr)

Anthrax

capillary thrombosis as a cause of death in experimental anthrax [Dalldorf], 154 (Fe)

Anti-Thyroid Hormones: See L-Thyroxine**Aorta Pathology**

arterial lesions in squirrel monkeys [Middleton], 352 (Ap)

gross aortic sudanophilia and hemosiderin deposition [Schwarz], 325 (Ap)

histopathologic findings in human aortic media associated with pregnancy [Manalo-Estrella], 336 (Ap)

Argentaffine Cells: See Gastrointestinal Mucosa**Arterial Fibrosis**

pathogenesis of cerebral artery thrombosis in man [Constantinides], 422 (My)

Arteriography: See Angiography**Arthritis**

adjuvant induced arthritis in the temporomandibular joint of the rat [Mazzier], 543 (Je)

Ascorbic Acid Deficiency: See Scurvy**Atherosclerosis**

arterial lesions in squirrel monkeys [Middleton], 352 (Ap)

circulating lipophages, serum lipids, and atherosclerosis in rats [Suzuki], 169 (Fe)

diet and atherosclerosis of squirrel monkeys [Middleton], 145 (Fe)

in South American primates [Lofland], 211 (Fe)

pathogenesis of cerebral artery thrombosis in man [Constantinides], 422 (My)

stain for differentiation and quantitation of gross lesions of atherosclerosis [Insull], 474 (My)

Autoantibodies

thyroid, phagocytosis promoting property [Stuart], 16 (Ja)

Autoimmune Diseases

in NZB and NAB-NZW F₁ mice [Miyasato], 20 (Ja)

Autopsy

postmortem angiography; a new medium and technique [Evans], 479 (My)

quick, simple method of removal of the spinal cord [McGarry], 333 (Ap)

thromboembolic complications seen at autopsy in south India [Reddy], 399 (Ap)

strangulation as a method of homicide [Luke], 64 (Ja)

B

- Bacterial Diseases:** See Anthrax
- Basement Membrane**
ultrastructure of the alveolar-capillary membrane in congenital and acquired heart disease [Coalson], 377 (Ap)
- Bile Ducts, Intrahepatic**
canalicular cyst in chemical hepatectomy [Becker], 278 (Mr)
- Biopsy:** See Liver Pathology
- Blackwater Fever:** See Malaria, Falciparum
- Blood Cholesterol**
clotting time and cholesterol levels in rats fed hyperlipemic diet [Jarvis], 364 (Ap)
- Blood Coagulation**
in vitro studies of the coagulation mechanism in rats fed a hyperlipemic diet [Jarvis], 364 (Ap)
- Blood Lipids**
atherosclerosis in new world primates [Lofland], 211 (Fe)
- Blood Proteins**
serum glycoproteins in experimental scurvy and carrageenan granuloma [Mombellino], 429 (My)
- Bolivian Hemorrhagic Fever:** See Epidemic Hemorrhagic Fevers
- Bone Disorders:** See also Rickets
circulating lipophages, serum lipids, and atherosclerosis in rats [Suzuki], 169 (Fe)
- Bronchial Neoplasms**
tumorlet, with 12 year follow-up [MacMahon], 359 (Ap)
- Bronchiectasis**
pathogenesis of experimental bronchiectasis in laboratory rats [Ventura], 80 (Ja)
- Bronchioles**
populations of nonrespiratory bronchioles in pulmonary emphysema [Anderson], 286 (Mr)
- BOOK REVIEWS**
Bajusz, E., and Jasmin, G., eds. Methods and achievements in experimental pathology, 572 (Je)
Burdette, W. J. Viruses inducing cancer, 485 (My)
Cornblath, M., and Schwartz, R. Disorders of carbohydrate metabolism in infancy, 222 (Fe)
Erdos, E. G., and others, eds. Hypotensive peptides, 486 (My)
Farber, E., and Masee, P. N., eds. Biochemical pathology, 318 (Mr)
Finter, N. B., ed. Frontiers of biology, volume 2, 571 (Je)

BOOK REVIEWS—continued

- Friedberg, C. K. Diseases of the heart, 223 (Fe)
Gajdusek, D. C., and others. Slow, latent and temperate virus infections, 406 (Ap)
Giese, J. Pathogenesis of hypertensive vascular disease, 487 (My)
Hardaway, R. M., III. Syndromes of disseminated intravascular coagulation: with special reference to shock and hemorrhage, 221 (Fe)
Harvey Society, ed. The Harvey lectures, series 60 (1964-1965), 221 (Fe)
Henley, K. S.; Schmidt, E., and Schmidt, F. W. Enzymes in serum: their use in diagnosis, 571 (Je)
Hotchkiss, S. M., ed. Survey of American pathologists, 219 (Fe)
Hsia, D. Y. Lectures in medical genetics, 573 (Je)
King, D. W. Ultrastructural aspects of disease, 319 (Mr)
Kirsten, W. H. Malignant transformation by viruses, 320 (Mr)
Leeson, C. R., and Leeson, T. S. Histology, 319 (Mr)
Loraine, J. A., and Bell, E. T. Hormone assays and their clinical application, 572 (Je)
McLaren, A. Advances in reproductive physiology, vol. 1, 223 (Fe)
Millikan, C. H. Cerebrovascular disease, 406 (Ap)
Mostofi, F. K., and Smith, D. E., eds. The kidney, 573 (Je)
Oski, F. A., and Naiman, J. L. Hematologic problems in the newborn, 486 (My)
Pegg, D. E. Bone marrow transplantation, 318 (Mr)
Rodahl, K., and Issekutz, B., eds. Nerve as a tissue, 486 (My)
Selye, H. Thrombohemorrhagic phenomena, 220 (Fe)
Van Peenen, H. J. Essentials of pathology, 318 (Mr)
Von Herrath, E. Atlas of histology: normal microscopic human anatomy, 221 (Fe)
Wallis, T. E. Analytical microscopy, 487 (My)
Warren, S., and others. Pathology of diabetes mellitus, 485 (My)
Worrall, P. M., and Espiner, H. J., eds. Second symposium on methotrexate in the treatment of cancer, 320 (Mr)
Yoffey, J. M. Bone marrow reactions, 487 (My)

C

- Cadmium**
specific response of mesenchymal tissue to carcinogenesis by cadmium [Gunn], 493 (Je)
- Capillaries:** See also Thrombosis, Pulmonary
ultrastructure of the alveolar-capillary membrane in congenital and acquired heart disease [Coalson], 377 (Ap)

- Carbon Tetrachloride Poisoning**
thrombosis of hepatic veins accompanying carbon tetrachloride induced cirrhosis [Reuber], 267 (Mr)
- Carcinogens:** See Cadmium; Dimethylbenzanthracenes; Ethionine
- Carcinoma:** See also Hepatoma
sarcomatoid transformation of transplanted thyroid carcinoma [Ueda], 3 (Ja)
tumorlet of bronchus [MacMahon], 359 (Ap)
- Carcinoma, Epidermoid**
dimethyl sulfoxide and experimental oral carcinogenesis in the hamster pouch [Elzay], 293 (Mr)
- Cardiac Output:** See Heart Function
- Cardiovascular Diseases**
postmortem angiography a new medium and technique [Evans], 479 (My)
radiation death from cardiovascular shock following a criticality accident [Fanger], 446 (My)
ultrastructure of the alveolar-capillary membrane in congenital and acquired heart disease [Coalson], 377 (Ap)
- Carrageenan**
serum glycoproteins in experimental scurvy and carrageenan granuloma [Mombelloni], 429 (My)
- Casts**
postmortem study comparing renal angiograms and renal artery casts in 58 patients [Bauer], 307 (Mr)
- Catecholamine Inhibitors:** See Pronethalol
- Central Nervous System**
fine structure, in early infantile Gaucher's disease [Adachi], 513 (Je)
- Cerebroarterial Occlusions and Thrombosis**
pathogenesis of cerebral artery thrombosis in man [Constantinides], 422 (My)
- Cholelithiasis**
experimental cholelithiasis and liver lipids in rabbits [Borgman], 411 (My)
- Cholesterol**
diet and atherosclerosis of squirrel monkeys [Middleton], 145 (Fe)
dietary induced glomerulosclerosis in the guinea pig [French], 204 (Fe)
- Choline**
influence on development of cirrhosis in rat [Norkin], 31 (Ja)
- Chondrosarcoma**
primary, of extraskelatal soft tissue in elderly woman [Korns], 13 (Ja)
- Cirrhosis, Pigmentary:** See Hemochromatosis
- Collagen**
transition from elastin to collagen in internal elastic membranes [Rodgers], 557 (Je)
- Collagen Diseases:** See Pseudoxanthoma Elasticum
- Colonic Neoplasms**
re: mesodermal changes in adenomatous polyps (corres.) [Enterline], 228 (Fe); reply [Chapman], 228 (Fe)
- Complement**
study of human renal disease by immunofluorescent methods [Hadley], 342 (Ap)
- Congenital Abnormalities:** See Abnormalities, Drug Induced; Coronary Vessel Anomalies; Pulmonary Valve Anomalies
- Connective Tissue:** See also Elastic Tissue; Mesoderm
primary chondrosarcoma of extraskelatal soft tissue [Korns], 13 (Ja)
- Contrast Media**
postmortem angiography; a new medium and technique [Evans], 479 (My)
- Coronary Fibrosis**
retroperitoneal and periarterial fibrosis [Russo], 396 (Ap)
- Coronary Vessel Anomalies**
single coronary artery with ruptured coronary artery aneurysm [Causing], 419 (My)
- Cramp:** See Muscle Cramp
- D**
- Death, Causes**
radiation death from cardiovascular shock following a criticality accident [Fanger], 446 (My)
- Death, Sudden:** See Homicide
- Diabetes, Bronze:** See Hemochromatosis
- Diet, Atherogenic:** See Cholesterol
- Dietary Fats**
influence on development of cirrhosis in rat [Norkin], 31 (Ja)
in vitro studies of the coagulation mechanism in rats fed a hyperlipemic diet [Jarvis], 364 (Ap)
- Dietary Proteins**
diet and atherosclerosis of squirrel monkeys [Middleton], 145 (Fe)

Dimethylbenzanthracenes

dimethyl sulfoxide and experimental oral carcinogenesis in the hamster pouch [Elzay], 293 (Mr)

Dimethyl Sulfoxide

and experimental oral carcinogenesis in hamster pouch [Elzay], 293 (Mr)

Dihydrotachysterol

rachitic bone lesions in chicks after multiple graded doses of vitamin D and dihydrotachysterols [Yuile], 241 (Mr)

DMBA: See Dimethylbenzanthracenes**Dystrophia Myotonica: See Myotonia Atrophica****E****Elastic Tissue**

transition from elastin to collagen in internal elastic membranes [Rodgers], 557 (Je)
ultrastructural changes of elastic fibers in pseudoxanthoma elasticum [Huang], 108 (Ja)

Emphysema: See Pulmonary Emphysema**Epidemic Hemorrhagic Fevers**

Bolivian hemorrhagic fever; a pathologic description [Child], 434 (My)

Epididymal Fat Pad

fate of lipid depleted fat cells [Simon], 162 (Fe)

Ethanol: See Alcohol, Ethyl**Ethionine**

iron-loading, fibrosis, and hepatic carcinogenesis [Dunn], 258 (Mr)

Ethnic Groups, Asiatics

thromboembolic complications seen at autopsy in south India [Reddy], 399 (Ap)

Extracorporeal Circulation: See also Heart Surgery

acid hematein stain and myocardial damage [Niles], 407 (My)

Eye Disorders: See Iridocyclitis**F****Fats, Staining**

gross aortic sudanophilia and hemosiderin deposition [Schwarz], 325 (Ap)

Fibrinogen

study of human renal disease by immunofluorescent methods [Hadley], 342 (Ap)

Fibrosarcoma

specific response of mesenchymal tissue to carcinogenesis by cadmium [Gunn], 493 (Je)

Fluorescent Antibody Techniques

study of human renal disease by immunofluorescent methods [Hadley], 342 (Ap)

Folliculi Lymphatici: See Spleen**Foreign Bodies, Inhaled**

diffuse miliary granulomatosis of the lungs due to aspirated vegetable cells [Vidyarthi], 215 (Fe)

Fungus Diseases: See Histoplasmosis**G****Galactose: See Carrageenan****Gallstones: See Cholelithiasis****Gastrectomy**

fate of autotransplanted stomach mucosa following total gastrectomy in dogs [Payan], 298 (Mr)

Gastric Mucosa

fate of autotransplanted stomach mucosa following total gastrectomy in dogs [Payan], 298 (Mr)

Gastrointestinal Diseases

malacoplakia with fatal gastric and colonic involvement [Yunis], 180 (Fe)

Gastrointestinal Mucosa

influence of immunosympathectomy on bowel argentaffin cells [Thompson], 415 (My)

Gaucher's Disease

fine structure of central nervous system in early infantile Gaucher's disease [Adachi], 513 (Je)

Globulins

study of human renal disease by immunofluorescent methods [Hadley], 342 (Ap)

Glomerulonephritis

auto-immune disease in NZB and NZB-NZW F₁ mice [Miyasato], 20 (Ja)

Glomerulosclerosis

dietary induced glomerulosclerosis in the guinea pig [French], 204 (Fe)

Glycoproteins: See Blood Proteins**Grants: See Research Support****Granuloma**

serum glycoproteins in experimental scurvy and carrageenan granuloma [Mombellino], 429 (My)

Guanidines

canalicular cyst in chemical hepatectomy [Becker], 278 (Mr)

Guilds: See Trade and Professional Associations

H

- Heart Function**
"low-cardiac output" syndrome following open heart surgery [Morales], 71 (Ja)
- Heart Neoplasms**
hemangiopericytoma of heart with metastasis to vertebra [Mao], 466 (My)
- Heart Surgery**
open, and myocardial necrosis [Morales], 71 (Ja)
- Hemagglutinins:** See also **Phytohemagglutinin**
- Hemangiopericytoma**
of heart, with metastasis to vertebra [Mao], 466 (My)
- Hematein:** See **Stains and Staining**
- Hemochromatosis**
histopathology of the liver in pyridoxine-responsive anemia [Hathway], 175 (Fe)
idiopathic hemochromatosis in young subjects [Charlton], 132 (Fe)
- Hemorrhagic Fever:** See **Epidemic Hemorrhagic Fevers**
- Hemosiderin**
gross aortic sudanophilia and hemosiderin deposition [Schwarz], 325 (Ap)
- Hepatectomy**
canalicular cyst in chemical hepatectomy [Becker], 278 (Mr)
- Hepatic Artery**
fibromuscular hyperplasia and dissecting aneurysm [Patchefsky], 141 (Fe)
- Hepatic Vein Thrombosis**
accompanying carbon tetrachloride induced cirrhosis [Reuber], 267 (Mr)
- Hepatoma**
iron-loading, fibrosis, and hepatic carcinogenesis [Dunn], 258 (Mr)
- Hepatotoxins:** See **Carbon Tetrachloride Poisoning; Guanidines**
- Heterotopia:** See **Salivary Gland Abnormalities**
- Histocompatibility:** See **Transplantation Rejection**
- Histoplasmosis**
experimental histoplasmic iridocyclitis in chickens [Schwarz], 461 (My)
- Homicide**
by strangulation, study (1965-1966) in New York City [Luke], 64 (Ja)
- Hurler's Disease:** See **Lipochondrodystrophy**

Hydrocarbons: See **Saturated Fats**

- Hyperoxia**
structure of rat lung after protracted oxygen breathing [Schaffner], 99 (Ja)
- Hyperplasia**
fibromuscular hyperplasia and dissecting aneurysm of the hepatic artery [Patchefsky], 141 (Fe)
- Hypertension Pulmonary**
ultrastructure of the alveolar-capillary membrane in congenital and acquired heart disease [Coalson], 377 (Ap)
- Hypertension, Renal**
postmortem study comparing renal angiograms and renal artery casts in 58 patients [Bauer], 307 (Mr)

I

- Immunology:** See also **Fluorescent Antibody Techniques; Transplantation Rejection**
restoration of the immune response by circulating lymphocytes [Cannon], 188 (Fe)
- Immunosympathectomy:** See **Sympathectomy**
- Infants, Diseases**
fine structure of central nervous system in early infantile Gaucher's disease [Adachi], 513 (Je)
gross aortic sudanophilia and hemosiderin deposition [Schwarz], 325 (Ap)
- Iodides**
skeletal muscle lesions in iodide-treated rats [Cantin], 500 (Je)
- Iridocyclitis**
experimental histoplasmic iridocyclitis in chickens [Schwarz], 461 (My)
- Iron Storage Diseases:** See **Hemochromatosis; Siderosis**

K

- Kidney Diseases:** See also **Glomerulosclerosis**
study of human renal disease by immunofluorescent methods [Hadley], 342 (Ap)

L

- Leg Neoplasms**
primary chondrosarcoma of extraskeletal soft tissue [Korns], 13 (Ja)
- Leukemia, Lymphoblastic**
chronic, effect of phytohemagglutinin on lymphocytes from [Shrek], 58 (Ja)
human leukemia virus in mice [Herbut], 123 (Fe)
- Leukemogenic Viruses**
human leukemia virus in mice [Herbut], 123 (Fe)

- Leukocytes:** See Lymphocytes; Macrophages
- Lipid Metabolism**
experimental nutritional cirrhosis in the rat [Norkin], 31 (Ja)
- Lipochondrodystrophy**
new observations by light microscopy on liver histology in the Hurler's syndrome [Callahan], 507 (Je)
- Lipoidosis**
saturated hydrocarbons in follicular lipoidosis of the spleen [Liber], 116 (Fe)
- Lipophages:** See Macrophages
- Liver Cirrhosis, Experimental**
iron-loading, fibrosis, and hepatic carcinogenesis [Dunn], 258 (Mr)
nutritional, in rat [Norkin], 31 (Ja)
thrombosis of hepatic veins accompanying carbon tetrachloride induced cirrhosis [Reuber], 267 (Mr)
- Liver Damage**
hepatic lesions produced by 32 and 55 mev proton irradiation [Ghidoni], 370 (Ap)
- Liver Fats and Lipids**
experimental cholelithiasis and liver lipids in rabbits [Borgman], 411 (My)
- Liver Regeneration:** See Hepatectomy
- Liver Pathology**
histopathology of the liver in pyridoxine-responsive anemia [Hathway], 175 (Fe)
liver in malarai; electron microscopic observations on a hepatic biopsy obtained 15 minutes post mortem [Rosen], 271 (Mr)
new observations by light microscopy on liver histology in the Hurler's syndrome [Callahan], 507 (Je)
- Liver Regeneration:** See Hepatectomy
- Liver Toxins:** See Carbon Tetrachloride Poisoning; Guanidines
- Low Calorie Diet**
fate of lipid depleted fat cells [Simon], 162 (Fe)
- Lung Disease:** See Bronchiectasis; Pneumonia; Pulmonary Emphysema; Pulmonary Granuloma
- Lung Neoplasms**
tumorlet of bronchus [MacMahon], 359 (Ap)
- Lungs, Alveoli**
structure of rat lung after protracted oxygen breathing [Schaffner], 99 (Ja)
ultrastructure of the alveolar-capillary membrane in congenital and acquired heart disease [Coalson], 377 (Ap)
- Lupus Erythematosus**
auto-immune disease in NZB and NZB-NZW F₁ mice [Miyasato], 20 (Ja)

- Lymphocytes**
from leukemic patient, effect of phytohemagglutinin on [Schrek], 58 (Ja)
restoration of the immune response by circulating lymphocytes [Cannon], 188 (Fe)

- Lymphoid Follicles:** See Spleen

M

- Macrophages**
circulating lipophages, serum lipids, and atherosclerosis in rats [Suzuki], 169 (Fe)
- Magnesium Deficiency**
fine structural changes in rat myocardium induced by thyroxine and by magnesium deficiency [Susin], 86 (Ja)
- Malacoplakia**
discussion of pathogenesis and report of three cases including one of fatal gastric and colonic involvement [Yunis], 180 (Fe)
- Malaria, Falciparum**
electron microscopic observations on a hepatic biopsy obtained 15 minutes post mortem [Rosen], 271 (Mr)
- Malarial Pigments:** See Pigment Deposition
- Mesenchyma:** See Mesoderm
- Mesoderm:** See also Mucous Membrane
specific response of mesenchymal tissue to cancerigenesis by cadmium [Gunn], 493 (Je)
- Michaelis-Gutmann Bodies:** See Malacoplakia
- Microscopy**
fine structure of central nervous system in early infantile Gaucher's disease [Adachi], 513 (Je)
new observations by light microscopy on liver histology in the Hurler's syndrome [Callahan], 507 (Je)
transition from elastin to collagen in internal elastic membranes [Rodgers], 557 (Je)
- Microscopy, Electron**
fate of lipid depleted fat cells [Simon], 162 (Fe)
further observations on the ultrastructure of Pneumocystis [Barton], 527 (Je)
liver in malaria [Rosen], 271 (Mr)
retroperitoneal xanthogranuloma [Papadimitriou], 535 (Je)
- Mineral Oil**
saturated hydrocarbons in follicular lipoidosis of the spleen [Liber], 116 (Fe)
- Mitogenic Factor:** See Phytohemagglutinin
- Monopoly**
the guild spirit [King], 1 (Ja)

Mouth Neoplasms

dimethyl sulfoxide and experimental oral carcinogenesis in the hamster pouch [Elzay], 293 (Mr)

Murder: See Homicide**Mucous Membrane**

re: mesodermal changes in adenomatous polyps (Corres.) [Enterline], 228 (Fe); reply [Chapman], 228 (Fe)

Muscle, Smooth

involvement in myotonic dystrophy [Pruzanski], 229 (Mr)

involvement in progressive muscular dystrophy [Huvos], 234 (Mr)

Muscle Cramp

skeletal muscle lesions in iodide-treated rats [Cantin], 500 (Je)

Muscle Rigidity

skeletal muscle lesions in iodide-treated rats [Cantin], 500 (Je)

Muscular Atrophy

skeletal muscle lesions in iodide-treated rats [Cantin], 500 (Je)

Muscular Dystrophy

progressive, smooth muscle involvement in [Huvos], 234 (Mr)

Mycoplasmosis

pathogenesis of experimental bronchiectasis in laboratory rats [Ventura], 80 (Ja)

Mycoses: See Histoplasmosis**Myocardium**

acid hematein stain and myocardial damage [Niles], 407 (My)

fine structural changes in rat myocardium induced by thyroxine and by magnesium deficiency [Susin], 86 (Ja)

necrosis following open heart surgery [Morales], 71 (Ja)

prevention of myocardial lesions during hemorrhagic shock in dogs by pronethalol [Entman], 392 (Ap)

Myotonia Atrophica

smooth muscle involvement [Pruzanski], 229 (Mr)

N**Neck**

heterotopic salivary gland tissue in the lower neck [Youngs], 550 (Je)

malignant teratoma [Hajdu], 567 (Je)

Neoplasm Metastasis

concepts, recent observations on [Fisher], 321 (Ap)

hemangiopericytoma of heart with metastasis to vertebra [Mao], 466 (My)

Neoplasm Transplantation

sarcomatoid transformation of transplanted thyroid carcinoma [Ueda], 3 (Ja)

Neoplasms, Experimental: See also Carcinoma,

Epidermoid; Fibrosarcoma; Hepatoma
neoplasms in hamsters induced by adenovirus type 12 [Spjut], 199 (Fe)

Neurofibromatosis

case, with fatal gastrointestinal malacoplakia [Yunis], 180 (Fe)

NEWS AND COMMENT

114 (Ja); 225 (Fe); 315 (Mr); 403 (Ap); 489 (My); 574 (Je)

O**Oncogenic Viruses: See Adenovirus****Oxygen: Poisoning: See Hypoxia****P****Petrolatum, Liquid: See Mineral Oil****Phagocytes: See Macrophages****Phagocytosis**

promotion by thyroid autoantibody [Stuart], 16 (Ja)

Phospholipids

acid hematein stain and myocardial damage [Niles], 407 (My)

Phytohemagglutinin

effect on lymphocytes from leukemic patient [Schrek], 58 (Ja)

Pigment Deposition

liver in malaria; electron microscopic observations on a hepatic biopsy obtained 15 minutes post mortem [Rosen], 271 (Mr)

Plants Hormones: See Phytohemagglutinin**Pleuropneumonia-Like Organisms: See Mycoplasmosis****Pneumocystis: See Sporozoa****Pneumonia, Interstitial Plasma Cell**

further observations on the ultrastructure of Pneumocystis [Barton], 527 (Je)

Polysaccharides: See Carrageenan**Portacaval Anastomosis**

and testicular atrophy in rats [Dordal], 49 (Ja)

Postmortem Studies: See Aorta Pathology;

Autopsy; Renal Artery Stenosis

Postoperative Complications

myocardial necrosis following open heart surgery [Morales], 71 (Ja)

Pregnancy Complications, Cardiovascular

histopathologic findings in human aortic media associated with pregnancy [Manalo-Estrella], 336 (Ap)

Primates, Monkeys

arterial lesions in squirrel monkeys [Middleton], 352 (Ap)
atherosclerosis in new world primates [Lofland], 211 (Fe)
diet and atherosclerosis of squirrel monkeys [Middleton], 145 (Fe)
hepatic lesions produced by 32 and 55 mev proton irradiation [Ghidoni], 370 (Ap)

Pronethalol

prevention of myocardial lesions during hemorrhagic shock in dogs by pronethalol [Entman], 392 (Ap)

Proton Beam

hepatic lesions produced by 32 and 55 mev proton irradiation [Ghidoni], 370 (Ap)

Protozoa: See Sporozoa**Pseudoxanthoma Elasticum**

ultrastructural changes of elastic fibers in [Huang], 108 (Ja)

Pulmonary Diffusion

ultrastructure of the alveolar-capillary membrane in congenital and acquired heart disease [Coalson], 377 (Ap)

Pulmonary Emphysema

nonrespiratory bronchioles in [Anderson], 286 (Mr)

Pulmonary Granuloma

diffuse miliary granulomatosis of the lungs due to aspirated vegetable cells [Vidyarthi], 215 (Fe)

Pulmonary Valve Anomalies

quadricuspid pulmonary valve [Penny], 471 (My)

Pyridoxine

histopathology of the liver in pyridoxine-responsive anemia [Hathway], 175 (Fe)

R**Rachitis: See Rickets****Radiation**

restoration of the immune response by circulating lymphocytes [Cannon], 188 (Fe)

Radiation, Lethal Dose

radiation death from cardiovascular shock following a criticality accident [Fanger], 446 (My)

Radiation Injury, Experimental: See Proton Beam**Renal Arteries**

transition from elastin to collagen in internal elastic membranes [Rodgers], 557 (Je)

Renal Artery Stenosis

postmortem study comparing renal angiograms and renal artery casts in 58 patients [Bauer], 307 (Mr)

Research Support

fair share of funds [Angevine], 115 (Fe)

Respiratory Diseases: See Bronchiectasis; Pneumonia**Respiratory Insufficiency**

capillary thrombosis as a cause of death in experimental anthrax [Dalldorf], 154 (Fe)

Retroperitoneal Fibrosis

and periarterial fibrosis [Russo], 396 (Ap)

Retroperitoneal Neoplasms

xanthogranuloma, electron microscopic observations [Papadimitriou], 535 (Je)

Rickets

rachitic bone lesions in chicks after multiple graded doses of vitamin D and dihydrotachysterols [Yuile], 241 (Mr)

S**Saimiri Sciureus: See Primates, Monkeys****Salivary Gland Abnormalities**

heterotopic salivary gland tissue in the lower neck [Youngs], 550 (Je)

Sarcoma

sarcomatoid transformation of transplanted thyroid carcinoma [Ueda], 3 (Ja)

Saturated Fats

saturated hydrocarbons in follicular lipidosis of the spleen [Liber], 116 (Fe)

Scurvy

serum glycoproteins in experimental scurvy and carrageenan granuloma [Mombellino], 429 (My)

Serotonin

influence of immunosympathectomy on bowel argentaffin cells [Thompson], 415 (My)

Shock

radiation death from cardiovascular shock following a criticality accident [Fanger], 446 (My)

Shock, Hemorrhagic

prevention of myocardial lesions during hemorrhagic shock in dogs by pronethalol [Entman], 392 (Ap)

Siderosis

iron-loading, fibrosis, and hepatic carcinogenesis [Dunn], 258 (Mr)

Skin Diseases: See Pseudoxanthoma Elasticum**Skin Transplantation**

thymus humoral factor; demonstration and influence on homograft rejection in the hamster [Sherman], 251 (Mr)

Spinal Cord

quick, simple method of removal of the spinal cord [McGarry], 333 (Ap)

Spine Neoplasms

hemangiopericytoma of heart with metastasis to vertebra [Mao], 466 (My)

Spleen

restoration of the immune response by circulating lymphocytes [Cannon], 188 (Fe)
saturated hydrocarbons in follicular lipidosis of the spleen [Liber], 116 (Fe)

Sporozoa

further observations on the ultrastructure of *Pneumocystis* [Barton], 527 (Je)

Squirrel Monkeys: See Primates, Monkeys**Stains and Staining: See also Fats, Staining**

acid hematein stain and myocardial damage [Niles], 407 (My)
stain for differentiation and quantitation of gross lesions of atherosclerosis [Insull], 474 (My)

Sterols: See Dihydrotachysterol; Vitamin D**Strangulation: See Homicide****Sudanophilia: See Fats, Staining****Sympathectomy**

influence of immunosympathectomy on bowel argentaffin cells [Thompson], 415 (My)

Sympatholytic Agents: See Pronethalol**T****Temporomandibular Joint**

adjuvant induced arthritis in rat [Mazzier], 543 (Je)

Teratogenic Agents: See Aflatoxins**Teratoma**

malignant, of neck [Hajdu], 567 (Je)

Testicular Diseases

testicular atrophy in rats with portacaval anastomosis [Dordal], 49 (Ja)

Thromboembolism

thromboembolic complications seen at autopsy in south India [Reddy], 399 (Ap)

Thrombosis: See Hepatic Vein Thrombosis**Thrombosis, Pulmonary**

capillary thrombosis as a cause of death in experimental anthrax [Dalldorf], 154 (Fe)

Thymus Gland

thymus humoral factor; demonstration and influence on homograft rejection in the hamster [Sherman], 251 (Mr)

Thyroid

phagocytosis promoting property of thyroid autoantibody [Stuart], 16 (Ja)

Thyroid Neoplasms

sarcomatous transformation of transplanted carcinoma [Ueda], 3 (Ja)

L-Thyroxine

fine structural changes in rat myocardium induced by thyroxine and by magnesium deficiency [Susin], 86 (Ja)

Tibia

rachitic bone lesions in chicks after multiple graded doses of vitamin D and dihydrotachysterols [Yuile], 241 (Mr)

Trade and Professional Associations

the guild spirit [King], 1 (Ja)

Transplantation: See Gastric Mucosa; Neoplasm, Transplantation; Skin Transplantation**Tuberculosis, Miliary**

diffuse miliary granulomatosis of the lungs due to aspirated vegetable cells [Vidyarthi], 215 (Fe)

V**Valvular Heart Disease: See Pulmonary Valve Anomalies****Virus Diseases: See Epidemic Hemorrhagic Fevers****Viruses: See Leukemogenic Viruses****Vitamin B₆: See Pyridoxine****Vitamin C: See Scurvy****Vitamin D**

rachitic bone lesions in chicks after multiple graded doses of vitamin D and dihydrotachysterols [Yuile], 241 (Mr)

Vitamin E

influence on Development of cirrhosis in the rat [Norkin], 31 (Ja)

X**Xanthogranuloma**

retroperitoneal, electron microscopic observations [Papadimitriou], 535 (Je)

SUBJECT INDEX TO VOLUME 84

The following Index is an alphabetical list of all significant subjects presented in this volume. Books are listed alphabetically by first author under the heading "BOOK REVIEWS." Page numbers in this Index refer to boldface numbers in the text.

A

Abdominal Injuries

- embolization of gastric contents associated with rupture of the stomach [Graham], 659 (De)

Actomyosin: See Myosin

Adenocarcinoma, Mucinous

- primary mucus-producing adenomatous tumor-adenocarcinoma of renal pelvis [Suzuki], 468

Adenoma

- benign mucous gland adenoma of the bronchus [Kroe], 539 (No)
- histochemistry of thyroid tumors [Valenta], 215 (Se)

Adrenal Gland

- participation of adrenal ascorbic acid in response to oxygen challenge of the lung [Shanklin], 451 (No)

Adrenal Medulla Hormones

- and acute myocardial lesions following experimental intracerebral hemorrhage [Burch], 517 (No)

Aging

- nodular hyperplasia in thyroids of aged rats fed normal or valine-deficient diets [Scott], 638 (De)

Alcoholism

- the nephromegaly of chronic alcoholics with liver disease [Laube], 290 (Se)

Alkaloids: See Monocrotaline

Alkanes: See Isopentane; Propane

Alpha Proteins: See Proteins

Altitude

- effects of simulated high altitude on pregnancy [Delaquerriere-Richardson], 405 (Oc)

Alymphoplasia: See Thymus

Alzheimer's Cells: See Neuroglia

Amino Acids: See Phenylalanine; Tyrosine; Valine

Analgesics: See Sodium Salicylate

Antibiotics: See Lincomycin; Spectinomycin

Aorta: See also Atherosclerosis

- actomyosin and myosin and the deposition of lipids and serum lipoproteins [Knieriem], 118 (Au)
- aneurysms, in experimental lathyrism [Lalich], 528 (No)

Apatite: See Calcium Phosphates

Arteries

- connective tissue composition of canine arteries [Fischer], 95 (Jy)

Arthritis

- thorns in skin and joints of monkeys [Schumacher], 536 (No)

Ascorbic Acid

- participation of adrenal ascorbic acid in response to oxygen challenge of lung [Shanklin], 451 (No)

Astrocytes: See Neuroglia

Atherogenesis

- intimal thickening and dietary atherosclerosis [Gore], 49 (Jy)

Atherosclerosis, Aortic

- actomyosin and myosin and deposition of lipids and serum lipoproteins [Knieriem], 118 (Au)
- extracirculatory cholesterol; atherosclerosis in rabbits [Wada], 460 (No)
- marked aortic hemosiderin deposits in patient with hemochromatosis [Jankus], 418 (Oc)
- response of pigeon arteries to cholesterol as function of time [Clarkson], 513 (No)

Autoimmune Diseases

- autoimmunity and termination of immunological unresponsiveness [Weigle], 647 (De)

Autopsy

- congenital malformations in an autopsy population [Sotelo-Avila], 272 (Se)
- incidence of diseases among southwestern American Indians [Reichenbach], 81 (Jy)
- reply to criticism (corres.) [Nettleship], 438 (Oc)

B

Beta Cells: See Islands of Langerhans

Bile Ducts Obstruction: See also Jaundice, Obstructive

Bird Diseases

- acute myopathy in embryos and newly hatched chicks [Rigdon], 633 (De)

Bis (Dichloroacetyl) Diamines

- alterations in rat testes due to an antispermato-genic agent [Reddy], 376 (Oc)

Blood Coagulation Disorders

- experimental eclampsia [McKay], 557 (De)

Blood Lipids: See Hypercholesteremia**Bone Neoplasms**

- pathogenic effects of extracts of human osteosarcomas [Finkel], 425 (Oc)

BOOK REVIEWS

- Allen, A. C. The skin: a clinicopathological treatise, 665 (De)

 Garrison, F. H. Contributions to the history of medicine, 107 (Jy)
 Gross, M. L. The doctors, 209 (Au)
 Grundmann, E. General cytology: an introduction to functional morphology of the cell, 209 (Au)
 Heptinstall, R. H. Pathology of the kidney, 107 (Jy)
 Jones, R. M. Basic microscopic techniques, 664 (De)
 Lever, W. F. Histopathology of the skin, 665 (De)
 Mark, D. D., and Zimmer, A. Atlas of clinical laboratory procedures: Clinical chemistry. vol. 1, 105 (Jy)
 Montgomery, G. L. Pathology for students of dentistry, 207 (Au)
 Prier, J. E., ed. Basic medical virology, 441 (Oc)

Book Reviews—continued

- Reid, L. The pathology of emphysema, 326 (Se)
 Russell, D. S. Observations on the pathology of hydrocephalus, 326 (Se)
 Sackner, M. A. Scleroderma, 209 (Au)
 Sandor, G. Serum proteins in health and disease, 440 (Oc)
 Segal, B. L., and Kilpatrick, D. G. Engineering in the practice of medicine, 105 (Jy)
 Sommers, S. C. Pathology annual: 1966, 208 (Au)
 Thompson, C. M., and others, eds. The stomach (including related areas in the esophagus and duodenum), 106 (Jy)
 University Federation for Animal Welfare: The UFAW handbook on the care and management of laboratory animals, 440 (Oc)
 Van Bogaert, L., and Bertrand, I. Spongy degeneration of the brain in infancy, 663 (De)
 Van Peenen, H. J. Biochemical genetics, 106 (Jy)
 Wells, B. B., and Halsted, J. A. Clinical pathology: interpretation and application, 326 (Se)
 White, T. T. Pancreatitis, 666 (De)
 Wied, G. L. Introduction to quantitative cytochemistry, 327 (Se)
 Woollam, D. H. M., ed. Advances in teratology, volume 1, 106 (Jy)

Bovine Serum Albumin

- autoimmunity and termination of immunological unresponsiveness [Weigle], 647 (De)

Brain

- astrocytic changes in globus pallidus of rats with carbon tetrachloride induced cirrhosis [Hasson], 286 (Se)
 candidal infection [Roessmann], 495 (No)
 congenital defects in guinea pigs; following induced hyperthermia during gestation [Edwards], 42 (Jy)
 frontal lobe infarcts caused by brain herniation [Sohn], 509 (No)
 pulmonary emboli of cerebral origin in newborn [Valdes-Dapena], 643 (De)

Bronchial Neoplasms

- benign mucous gland adenoma of the bronchus [Kroe], 539 (No)
 cartilage, peculiar proliferation in bronchogenic carcinoma [Hartmann], 422 (Oc)
 primary chondrosarcoma of the tracheo-bronchial tree [Daniels], 615 (De)

C**Calcinosis**

- pathological tissue calcifications in man [Gatter], 346 (Oc)

- Calcium Phosphates**
pathological tissue calcifications in man [Gatter], 346 (Oc)
- Cancer Tissue Bank: See Roswell Park Memorial Institute**
- Candidiasis: See Moniliasis**
- Carcinoma**
autopsy incidence of diseases among southwestern American Indians [Reichenbach], 81 (Jy)
histochemistry of thyroid tumors [Valenta], 215 (Se)
papillary and microfollicular, of thyroid [Tonietti], 601 (De)
variability in classification of carcinoma in situ of the uterine cervix [Holmquist], 334 (Oc)
- Carcinoma, Bronchogenic**
peculiar proliferation of bronchial cartilage [Hartmann], 422 (Oc)
- Carcinoma, Epidermoid**
primary squamous cell carcinoma of rectosigmoid [Minkowitz], 77 (Jy)
- Carcinoma, Squamous Cell: See Carcinoma, Epidermoid**
- Carcinoma 256, Walker**
experimental tumor cell emboli in lymph nodes [Ludwig], 304 (Se)
- Carotid Artery Occlusions**
intimal thickening and dietary atherosclerosis [Gore], 49 (Jy)
- Cartilage**
bronchial, peculiar proliferation in bronchogenic carcinoma [Hartmann], 422 (Oc)
- Cell Components: See Mitochondria**
- Cell Migration: See Neoplastic Cells**
- Cerebroarterial Occlusions and Thrombosis**
frontal lobe infarcts caused by brain herniation [Sohn], 509 (No)
- Ceroid: See Pigments**
- Cervix Neoplasms**
variability in classification of carcinoma in situ of the uterine cervix [Holmquist], 334 (Oc)
- Cholesterol: See also Hypercholesteremia**
metabolism, review [Taylor], 3 (Jy)
response of pigeon arteries to cholesterol as a function of time [Clarkson], 513 (No)
- Chondrosarcoma**
primary chondrosarcoma of the tracheobronchial tree [Daniels], 615 (De)
- Chylomicrons**
experimental eclampsia [McKay], 557 (De)
- Coal Tar**
dynamics of psoriatic lesions during treatment [Gordon], 443 (No)
- Collagen**
connective tissue composition of canine arteries [Fischer], 95 (Jy)
experimental silicosis; the "atypical" reaction in the Syrian hamster [Gross], 87 (Jy)
intracellular collagen fibers; in human mesenchymal tumors and inflammatory states [Welsh], 354 (Oc)
collagenolytic activity and collagen resorption in experimental cirrhosis [Morrione], 59 (Jy)
- Colloids**
PAS-positive, in thyroid tumors [Valenta], 215 (Se)
- Colonic Neoplasms**
primary squamous cell carcinoma of rectosigmoid [Minkowitz], 77 (Jy)
- Congenital Abnormalities**
in guinea pigs; following induced hyperthermia during gestation [Edwards], 42 (Jy)
occurrence in autopsy population [Sotelo-Avila], 272 (Se)
thymic remnant in thymic aplasia [Blackburn], 363 (Oc)
- Connective Tissue: See also Collagen; Elastin; Fibroblasts**
intracellular collagen fibers; in human mesenchymal tumors and inflammatory states [Welsh], 354 (Oc)
- Coronary Diseases**
cardiac lesions in hypertensive infants and children [Oppenheimer], 318 (Se)
response of pigeon arteries to cholesterol as a function of time [Clarkson], 513 (No)
- Cystadenoma, Papillary**
oncocyte papillary cystadenoma of the larynx [Kroe], 429 (Oc)
- D**
- Dermatitis**
thorns in the skin and joints of the monkey [Schumacher], 536 (No)
- Desoxycorticosterone**
experimental toxemia of pregnancy [Arhelger], 393 (Oc)
- Diagnosis**
how made by pathologist? [King], 331 (Oc)
reply to criticism of the autopsy (corres.) [Nettleship], 438 (Oc)
variability in classification of carcinoma in situ of uterine cervix [Holmquist], 334 (Oc)
- Dietary Deficiency: See Valine**

DOCA: See Desoxycorticosterone

Dystrophia Myotonica: See Muscular Dystrophy

E

Eclampsia

experimental eclampsia; an electron microscope study and review [McKay], 557 (De)

Education, Medical, Graduate: See Internship and Residency

Elastin

connective tissue composition of canine arteries [Fischer], 95 (Jy)

Embolism: See also Pulmonary Embolism

embolization of gastric contents associated with rupture of the stomach [Graham], 659 (De)

Endocardial Fibroelastosis

cardiac lesions in hypertensive infants and children [Oppenheimer], 318 (Se)

Endocardium

a histopathologic study of the heart in gargoylism [Okada], 20 (Jy)

Enterobacteria: See Salmonella

Enzymes: See also Esterases; Phosphatase

electron microscopic cytochemistry of 131 I irradiated thyroid gland [Sobel], 178 (Au)

Esterases

nonspecific, in thyroid tumors [Valenta], 215 (Se)

Estradiol

hypertension induced with hormones and 5-hydroxytryptophan [O'Steen], 168 (Au)

Etiquette

the decline and fall of slide etiquette (corres.) [Wilens], 103 (Jy)

Exercise

acute experimental myocarditis due to Trypanosoma cruzi; exercise-induced cardiac hypertrophy [Miller], 627 (De)

F

Fetal Asphyxia

infants of prolonged gestation [Naeye], 37 (Jy)

Fetus Development

infants of prolonged gestation [Naeye], 37 (Jy)

Fibroblasts

intracellular collagen fibers; in human mesenchymal tumors and inflammatory states [Welsh], 354 (Oc)

Foreign Bodies

thorns in the skin and joints of the monkey [Schumacher], 536 (No)

Freezing

quenching mouse liver in isopentane and propane at -155°C [Young], 499 (No)

Freund's Adjuvant

desquamative interstitial pneumonia-like syndrome in rabbits; produced experimentally by Freund's adjuvant [Deodhar], 54 (Jy)

G

Gargoylism: See Lipochondrodystrophy

Glandulae Bronchiales: See Bronchial Neoplasms

Glomerulonephritis

and trichinosis [Schoenfeld], 625 (De)

Glycogenosis

type II, glycogen distribution in tissues [Hug], 141 (Au)

Gonadotropins, Equine

hypertension induced with hormones and 5-hydroxytryptophan [O'Steen], 168 (Au)

H

Heart

acute experimental myocarditis due to Trypanosoma cruzi; exercise-induced cardiac hypertrophy [Miller], 627 (De)

block, in dystrophia myotonica, microscopic study [Bullock], 130 (Au)

histopathologic study, in gargoylism [Okada], 20 (Jy)

pathogenesis of rupture [Lautsch], 264 (Se)

spontaneous closure of ventricular septal defects [Suzuki], 31 (Jy)

Hemochromatosis

marked aortic hemosiderin deposits in [Jankus], 418 (Oc)

tissue iron and hemochromatosis [MacDonald], 543 (No)

Hemorrhage, Subarachnoid

experimental, and acute myocardial lesions [Burch], 517 (No)

Hemosiderin

marked aortic hemosiderin deposits in a patient with hemochromatosis [Jankus], 418 (Oc)

tissue iron and hemochromatosis [MacDonald], 543 (No)

Hepatization: See Pulmonary Congestion

Hepatotoxins: See Tolbutamide

Hernia, Cerebral

frontal lobe infarcts caused by brain herniation [Sohn], 509 (No)

Hydrocarbons: See Isopentane; Propane**Hydroxytryptophan**

hypertension induced with hormones and 5-hydroxytryptophan [O'Steen], 168 (Au)

Hypercholesteremia

extracirculatory cholesterol; atherosclerosis in rabbits [Wada], 460 (No)
intimal thickening and dietary atherosclerosis [Gore], 49 (Jy)
xanthomatosis in rhesus monkeys fed a hypercholesterolemic diet [Armstrong], 227 (Se)

Hyperglycemia

rabbit beta cell ultrastructure and insulin radio-immunoassay in experimental sub-diabetes [Wellmann], 251 (Se)

Hyperlipemia

experimental eclampsia [McKay], 557 (De)

Hyperoxia

participation of adrenal ascorbic acid in response to oxygen challenge of the lung [Shanklin], 451 (No)

Hypertension

alterations in pulmonary alveoli after a single injection of monocrotaline [Valdivia], 64 (Jy)
cardiac lesions in hypertensive infants and children [Oppenheimer], 318 (Se)
connective tissue composition of canine arteries [Fischer], 95 (Jy)
hypertension induced with hormones and 5-hydroxytryptophan [O'Steen], 168 (Au)

Hyperthermia

congenital defects in guinea pigs; following induced hyperthermia during gestation [Edwards], 42 (Jy)

Hypoglycemic Agents: See Tolbutamide**Hypoxia: See also Fetal Asphyxia**

effects of simulated high altitude on pregnancy [Delaquerrière-Richardson], 405 (Oc)

I**Immunology: See also Freund's Adjuvant; Radioactive Antibody Techniques**

autoimmunity and termination of immunological unresponsiveness [Weigle], 647 (De)

Indians, North American

autopsy incidence of diseases among southwestern American Indians [Reichenbach], 81 (Jy)

Infants, Newborn, Diseases

candidal infection of the brain [Roessmann], 495 (No)
infants of prolonged gestation; a necropsy study [Naeye], 37 (Jy)
pulmonary emboli of cerebral origin [Valdes-Dapena], 643 (De)

Infarction, Cerebral

frontal lobe infarcts caused by brain herniation [Sohn], 509 (No)

Injections, Intramuscular

local histologic change following long-term intramuscular injections [Gray], 522 (No)

Insulin

rabbit beta cell ultrastructure and insulin radio-immunoassay in experimental sub-diabetes [Wellmann], 251 (Se)

Internship and Residency

residency training in pathology [Angevine], 1 (Jy)

Iodine 131: See Radioisotopes, Iodine 131**Iron Storage Diseases: See Hemochromatosis****Islands of Langerhans**

rabbit beta cell ultrastructure and insulin radio-immunoassay in experimental sub-diabetes [Wellmann], 251 (Se)

Isopentane

quenching mouse liver in isopentane and propane at -155°C [Young], 499 (No)

J**Jaundice, Obstructive**

chronic cholestasis following prolonged tolbutamide administration [Gregory], 194 (Au)

K**Ketoglutaric Acid**

mitochondrial metabolism in ischemic injury [Jennings], 15 (Jy)

Kidney Cortex Necrosis

hypertension induced with hormones and 5-hydroxytryptophan [O'Steen], 168 (Au)

Kidney Glomerulus

experimental toxemia of pregnancy; fine structure of renal lesions [Arhelger], 393 (Oc)
renal structure in myxedema [DiScala], 474 (No)

Kidney, Juxtaglomerular Apparatus

the juxtaglomerular complex [Guillan], 598 (De)

Kidney Neoplasms

primary mucus-producing adenomatous tumor-adenocarcinoma of renal pelvis [Suzuki], 468 (No)

Kidney Tubules

nephrotoxic effect of acute sodium salicylate intoxication in the rat [Robinson], 224 (Se)

renal lesions in rats fed diets containing alpha protein [Woodard], 153 (Au)

renal structure in myxedema [DiScala], 474 (No)

Kidney Weight

the nephromegaly of chronic alcoholics with liver disease [Laube], 290 (Se)

L**Laryngeal Neoplasms**

oncocyctic papillary cystadenoma of the larynx [Kroe], 429 (Oc)

Lathyrism

aortic aneurysms in experimental lathyrism [Lalich], 528 (No)

Lincomycin

local histologic change following long-term intramuscular injections [Gray], 522 (No)

Lipochondrodystrophy

a histopathologic study of the heart in gargoylism [Okada], 20 (Jy)

Lipoproteins, Serum Lipoproteins

actomyosin and myosin and the deposition of lipids and serum lipoproteins [Knierr], 118 (Au)

Liver Cirrhosis

nephromegaly of chronic alcoholics with liver disease [Laube], 290 (Se)
tissue iron and hemochromatosis [MacDonald], 543 (No)

Liver Cirrhosis, Experimental

alpha-tocopherol, ceroid, and cirrhosis [Patek], 295 (Se)

astrocytic changes in globus pallidus of rats [Hasson], 286 (Se)

collagenolytic activity and collagen resorption in [Morrione], 59 (Jy)

Liver Damage

chronic cholestasis following prolonged tolbutamide administration [Gregory], 194 (Au)

quenching mouse liver in isopentane and propane at -155°C [Young], 499 (No)

Lungs, Alveoli

alterations in, after single injection of monocrotaline [Valdivia], 64 (Jy)
experimental silicosis; "atypical" reaction in Syrian hamster [Gross], 87 (Jy)

Lymph Nodes Neoplasms

experimental tumor cell emboli in lymph nodes [Ludwig], 304 (Se)

M**Meningioma**

primary extracranial [Suzuki], 202 (Au)

Metastasis

experimental tumor cell emboli in lymph nodes [Ludwig], 304 (Se)

Methotrexate

dynamics of psoriatic lesions during treatment [Gordon], 443 (No)

Microscopy, Electron

alterations in pulmonary alveoli after single injection of monocrotaline [Valdivia], 64 (Jy)

alterations in rat testes due to anti-spermatogenic agent [Reddy], 376 (Oc)

cytochemistry of 131 I irradiated thyroid gland [Sobel], 178 (Au)

dystrophia myotonica with heart block [Bullock], 130 (Au)

experimental eclampsia [McKay], 557 (De)

experimental toxemia of pregnancy; fine structure of renal lesions [Arhelger], 393 (Oc)

glycogenesis type II; glycogen distribution in tissues [Hug], 141 (Au)

papillary and microfollicular carcinoma of human thyroid [Tonietti], 601 (De)

rabbit beta cell ultrastructure and insulin radio-immunoassay in experimental sub-diabetes [Wellmann], 251 (Se)

thymic remnant in thymic alymphoplasia [Blackburn], 363 (Oc)

Microscopy, Fluorescence

actomyosin and myosin and the deposition of lipids and serum lipoproteins [Knierr], 118 (Au)

Microscopy Slides

the decline and fall of slide etiquette (corres.) [Wilens], 103 (Jy)

Mitochondria

metabolism in myocardial ischemia [Jennings], 15 (Jy)

Moniliasis

candidal infection of the brain [Roessmann], 495 (No)

Monkeys: See Primates, Monkeys

Monocrotaline

alterations in pulmonary alveoli after single injection [Valdivia], 64 (Jy)

Morbidity

autopsy incidence of diseases among southwestern American Indians [Reichenbach], 81 (Jy)

Mortality, Perinatal: See also Infants, New-born, Diseases

effects of simulated high altitude on pregnancy [Delaquerrière-Richardson], 405 (Oc)

Mouth Neoplasms

primary extracranial meningioma [Suzuki], 202 (Au)

Muscle Proteins: See Myosin

Muscular Diseases: See also Muscular Dystrophy; Myasthenia Gravis

acute myopathy in embryos and newly hatched chicks [Rigdon], 633 (De)

local histologic change following long-term intramuscular injections [Gray], 522 (No)

Muscular Dystrophy

dystrophia myotonica with heart block [Bulloch], 130 (Au)

Myasthenia Gravis

involvement of smooth muscle and myocardium [Huvos], 280 (Se)

Myocardial Diseases

acute experimental myocarditis due to *Trypanosoma cruzi* [Miller], 627 (De)

dystrophia myotonica with heart block, light and electron microscopic study [Bulloch], 130 (Au)

involvement of myocardium in myasthenia gravis [Huvos], 280 (Se)

Myocardial Infarct

cardiac lesions in hypertensive infants and children [Oppenheimer], 318 (Se)

identification and delineation [Brody], 312 (Se)

pathogenesis of cardiac rupture [Lautsch], 264 (Se)

Myocardial Ischemia and Hypoxia

mitochondrial metabolism in ischemic injury [Jennings], 15 (Jy)

Myocardial Necrosis

following experimentally-induced intracranial hemorrhage in mice: histological and histochemical study [Burch], 517 (No)

Myosin

actomyosin and myosin and the deposition of lipids and serum lipoproteins [Knierr], 118 (Au)

Myotonia Atrophica: See Muscular Dystrophy

Myxedema

renal structure in [DiScala], 474 (No)

N

Necrosis

acute myopathy in embryos and newly hatched chicks [Rigdon], 633 (De)

Negroes, Diseases

congenital malformations in an autopsy population [Sotelo-Avila], 272 (Se)

Neoplasms Classification: See Carcinoma

Neoplastic Cells

experimental tumor cell emboli in lymph nodes [Ludwig], 304 (Se)

intracellular collagen fibers; in human mesenchymal tumors and inflammatory states [Welsh], 354 (Oc)

papillary and microfollicular carcinoma of human thyroid; an ultrastructural study [Tonietti], 601 (De)

Nephrocalcinosis

renal lesions in rats fed diets containing alpha protein [Woodard], 153 (Au)

Nephromegaly: See Kidney Weight

Nephrotoxins: See Hydroxytryptophan; Sodium Salicylate

Neuroglia

astrocytic changes in the globus pallidus of rats with carbon tetrachloride induced cirrhosis [Hasson], 286 (Se)

NEWS AND COMMENT

99 (Jy); 211 (Au); 329 (Se); 433 (Oc); 552 (No); 667 (De)

OBITUARY

Schlumberger, Hans Georg, 1913-1967 [n.a.], 102 (Jy)

Oncocytes: See Cystadenoma, Papillary

Orinase: See Tolbutamide

Osteosarcoma

pathogenic effects of extracts of human osteosarcomas; in hamsters and mice [Finkel], 425 (Oc)

P

Pancreas: See Islands of Langerhans

Pathology

making a diagnosis, observation and inference [King], 331 (Oc)
organizations, proposed merger (corres.) [Gall], 668 (De)
residency training [Angevine], 1 (Jy)

Phenylalanine

excess, pathology [Klavins], 238 (Se)

Phosphatase

in thyroid tumors [Valenta], 215 (Se)

Pigments

alpha-tocopherol, ceroid, and cirrhosis [Patek], 295 (Se)

Placenta

effects of simulated high altitude on pregnancy [Delaquerrière-Richardson], 405 (Oc)

Pneumonia, Interstitial

desquamative interstitial pneumonia-like syndrome in rabbits [Deodhar], 54 (Jy)

Pompe's Disease: See Glycogenesis

Prediabetes: See Hyperglycemia

Pregnancy, Prolonged

necropsy study of infants [Naeye], 37 (Jy)

Pregnancy Complications

congenital defects in guinea pigs; following induced hyperthermia during gestation [Edwards], 42 (Jy)

Pregnancy Toxemias: See also Eclampsia

experimental, fine structure of renal lesions [Arhelger], 393 (Oc)

Primates, Monkeys

pathogenesis of Rocky Mountain spotted fever in [Wolf], 486 (No)
thorns in the skin and joints [Schumacher], 536 (No)
xanthomatosis in rhesus monkeys fed a hypercholesterolemic diet [Armstrong], 227 (Se)

Propane

quenching mouse liver in isopentane and propane at -155 C [Young], 499 (No)

Proteins

renal lesions in rats fed diets containing alpha protein [Woodard], 153 (Au)

Psoriasis

dynamics of lesions during treatment [Gordon], 443 (No)

Pulmonary Congestion

participation of adrenal ascorbic acid in response to oxygen challenge of the lung [Shanklin], 451 (No)

Pulmonary Embolism

of cerebral origin in newborn [Valdes-Dapena], 643 (De)

R**Radioactive Antibody Techniques**

spleen cell migration in the immune response of the rat [Cannon], 109 (Au)

Radioisotopes, Iodine 131

electron microscopic cytochemistry of ¹³¹I irradiated thyroid gland [Sobel], 178 (Au)

Radiolabeled Thymidine

study of spleen cell migration in immune response [Cannon], 109 (Au)

Rectosigmoid Neoplasms: See Colonic Neoplasms

Refrigerants: See Propane

Research

human neoplasms for research [Niwayama], 163 (Au)

Rhesus Monkeys: See Primates, Monkeys

Rocky Mountain Spotted Fever

pathogenesis in monkeys infected by inhalation [Wolf], 486 (No)

Roswell Park Memorial Institute

Tumor Procurement Laboratory, evaluation of three years' experience as cancer bank [Niwayama], 163 (Au)

S

Salicylates: See Sodium Salicylate

Salmonella

salmonellae virulence testing [Kent], 300 (Se)

Schlumberger, Hans Georg, 1913-1967
obituary [n.a.], 102 (Jy)

Shwartzman Phenomenon

experimental eclampsia; an electron microscope study and review [McKay], 557 (De)

Silicosis

experimental silicosis; the "atypical" reaction in the Syrian hamster [Gross], 87 (Jy)

Sodium Salicylate

nephrotoxic effect in rat [Robinson], 224 (Se)

Solvents: See Propane**Soybean Meal: See Proteins****Spectinomycin**

local histologic change following long-term intramuscular injections [Gray], 522 (No)

Spermatogenic Inhibitors: See Bis (Dichloroacetyl) Diamines**Spleen**

spleen cell migration in the immune response of the rat [Cannon], 109 (Au)

Stomach Rupture

and embolization of gastric contents [Graham], 659 (De)

T**Testes**

alterations in rat testes due to an anti-spermatogenic agent [Reddy], 376 (Oc)

Thorns: See Foreign Bodies**Thymus**

the thymic remnant in thymic alymphoplasia [Blackburn], 363 (Oc)

Thyroglobulin

autoimmunity and termination of immunological unresponsiveness [Weigle], 647 (De)

Thyroid Gland

electron microscopic cytochemistry of 131 I irradiated thyroid gland [Sobel], 178 (Au)

Thyroid Neoplasms

histochemistry of thyroid tumors [Valenta], 215 (Se)

nodular hyperplasia in thyroids of aged rats fed normal or valine-deficient diets [Scott], 638 (De)

Thyroid Neoplasms—continued

papillary and microfollicular carcinoma [Tonietti], 601 (De)

significance of two enzymes and PAS-positive materials [Valenta], 215 (Se)

Tissue Banks: See Roswell Park Memorial Institute**Tissue Extracts: See Osteosarcoma****Tocopherol**

alpha-tocopherol, ceroid, and cirrhosis [Patek], 295 (Se)

Tolbutamide

chronic cholestasis following prolonged tolbutamide administration [Gregory], 194 (Au)

Tracheal Neoplasms

primary chondrosarcoma of the tracheobronchial tree [Daniels], 615 (De)

Trauma

extracirculatory cholesterol; atherosclerosis in rabbits [Wada], 460 (No)

Triamcinolone Acetonide

dynamics of psoriatic lesions during treatment [Gordon], 443 (No)

Trichinosis

and glomerulonephritis [Schoenfeld], 625 (De)

Trypanosomiasis

acute experimental myocarditis due to *Trypanosoma cruzi* [Miller], 627 (De)

Tryptophan: See Hydroxytryptophan**Tunica Intima Vasorum**

intimal thickening and dietary atherosclerosis [Gore], 49 (Jy)

Typhoid Vaccine

spleen cell migration in the immune response of the rat [Cannon], 109 (Au)

Tyrosine

excess, pathology [Klavins], 238 (Se)

U**Ultraviolet Rays**

dynamics of psoriatic lesions during treatment [Gordon], 443 (No)

V

Valine

nodular hyperplasia in thyroids of aged rats
fed normal or valine-deficient diets
[Scott], 638 (De)

Valvular Heart Diseases

histopathologic study of heart in gargoylism
[Okada], 20 (Jy)

Virulence (Microorganisms)

salmonellae virulence testing [Kent], 300
(Se)

Viruses, Oncogenic

pathogenic effects of extracts of human
osteosarcomas [Finkel], 425 (Oc)

Vitamin E: See Tocopherol

W

Whitlockite: See Calcium Phosphates

Win, 18446: See Bis (Dichloroacetyl) Diamines

X

Xanthomatosis

in rhesus monkeys fed hypercholesterolemic
diet [Armstrong], 227 (Se)
